1. Product and company identification

Product Name: HOOD SYSTEM CLEANER
UN/ID No.: DOT (U.S.): Not Regulated

2. Hazards identification

**Appearance:** Amber Liquid  **Physical State:** Liquid  **Odor:** Lemon fragrance

**Signal Word:** Warning

**Hazard Statement**
May causes Eye and Skin irritation
Harmful if ingested. Aspiration hazard, can enter lungs and cause damage. Can cause damage to kidneys.
Inhalation causes respiratory tract irritation

**Precautionary Statements – Preventions**
Do not get in Eyes, on Skin or on Clothing. Wash face, hands and any exposed skin thoroughly after handling.
Do not eat, drink or smoke when using this product.
Use only with adequate ventilation, use only outdoors or in a well-ventilated area.
Do not breathe dust/fume/gas/mist/vapors/spray
Wear protective gloves/protective clothing/eye protection/face protection
Keep container closed.

**Precautionary Statements – Response**
Immediately call a POISON CENTER or doctor/physician.
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing immediately call a POISON CONTROL or doctor/physician.
IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower
Wash contaminated clothing before reuse.
IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.
Immediately call a POISON CENTER or doctor/physician.
IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician. Rinse mouth, Do not induce vomiting!
Precautionary Statements – Storage
Store locked up
Store in a well-ventilated place. Keep container tightly closed

Precautionary Statements – Disposal
Disposed of contents/container to an approved waste disposal plant

3. Composition/information on ingredients
This product does not contain any hazardous ingredient in quantities requiring, in accordance with local regulations

4. First aid measures

Eye contact: Get medical aid immediately. Do NOT allow victim to rub or keep eyes closed. Check for and remove any contact lenses if easy to do so. Immediately flush eyes with running water for at least 30 minutes, keeping eyelids apart. Use cool running water. Do not use an eye ointment.

Skin contact: Get medical aid immediately. Immediately flush skin with plenty of soap and water for at least 15 minutes while removing contaminated clothing and shoes. Discard contaminated clothing in a manner which limits further exposure. Destroy contaminated shoes.

Inhalation: Get medical aid immediately. Remove from exposure to fresh air immediately. If breathing is difficult, give oxygen. Do NOT use mouth-to-mouth resuscitation. If breathing has ceased apply artificial respiration using oxygen and suitable mechanical device such as a bag and a mask.

Ingestion: Do NOT induce vomiting. If victim is conscious and alert, give 2-4 capfuls of milk or water. Never give anything by mouth to an unconscious person. Get medical aid immediately.

Note to physician Persons with pre-existing skin disorders or impaired respiratory or pulmonary function may be at increased risk to the effects of this substance. Treat symptomatically and supportively.

5. Fire-fighting measures

Flash point: N/A
Flammability of the product: Not flammable by OSHA criteria. Not combustible by OSHA criteria
Extinguishing media: Suitable: Water Fog. Foam. Dry chemical powder. Carbon dioxide (CO2)
Non suitable: Known none
Decomposition products: Oxides of carbon. Oxides of nitrogen
Special protective equipment for fire-fighters: As in any fire, wear self-contained breathing apparatus pressure demand, MSHA/NIOSH (approved or equivalent and full protective gear).

6. Accidental release measures

Personal precautions: Use personal protective equipment as required. Caution product may be slippery
Environmental precautions: Prevent from entering into soil, ditches, sewers, waterways and/or groundwater. See Section 12, Ecological Information. See Section 13, Disposal Considerations, for additional information.

Methods for cleaning up
Small spill: Dike and contain liquid. Mop us spill and rinse area. Caution, floors may be slippery.
Large spill: Dike and contain liquid/spill and cap leaking container as necessary to prevent further spreading of spilled material. Wear rubber boots, gloves and appropriate protective clothing. Shut off source of leak if safe to do so. Pick up and transfer to properly labeled container.
7. Handling and storage

Handling & Storage
Store in a cool, dry, well ventilated area away from heat or flame. Do not destroy or deface the label on container. Keep container closed.

Handling & Storage
Store in a cool, dry, well ventilated area away from heat or flame. Do not destroy or deface the label on container. Keep container closed.

8. Exposure controls/personal protection

Consult local authorities for acceptable exposure limits.

- **Engineering Controls**: Apply technical measures to comply with the occupational exposure limits. Local exhaust ventilation recommended. Eye wash stations. Showers.

**Individual protection measures, such as personal protective equipment**

<tr>
<th>Eye/Face Protection</th>
<th>No special equipment is usually needed when using small quantities. For bulk handling wear suitable protective glasses or goggles.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Skin and Body Protection</td>
<td>The information at hand indicates that this product is not harmful and that normally no special skin protection is necessary. When handling bulk quantities, wear gloves of impervious material.</td>
</tr>
<tr>
<td>Respiratory Protection</td>
<td>Domestic quantities require no special requirements with normal careful use. When handling bulk quantities, avoid breathing mist or vapors. When ventilation is inadequate and mist or vapors are generated, respiratory protective equipment should be used suitable for protecting against airborne contaminants.</td>
</tr>
<tr>
<td>General Hygiene considerations</td>
<td>Use good personal hygiene practices.</td>

</table>
12. Ecological information

**Ecotoxicity**
Material is practically non-toxic to fish on an acute basis (LC50 > 100 mg/L).

**Bioaccumulation/Accumulation**
No data available

13. Disposal considerations

**Waste disposal:**
The generation of waste should be avoided or minimized wherever possible. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe way. Dispose of surplus and non-recyclable products via a license waste contactor. Disposal of this product, solutions and any by products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Avoid dispersal of spilled material and runoff and contract with soil, waterways, drains and sewers.

Refer to Section 7: HANDLING AND STORAGE and Section 8: EXPOSURES CONTROLS/PERSONAL PROTECTION for additional handling information and protection of employees.

14. Transport information

**DOT (U.S.):** Not regulated

15. Regulatory information

**US State Regulations:**

**California Prop 65:** Contains no known hazardous materials, above the safe harbor limits, which are known to The State of California to cause cancer, birth defects, or other reproductive harm.
