

IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower
Wash contaminated clothing before reuse
IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing
Immediately call a POISON CENTER or doctor/physician
IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician, Rinse mouth, Do not induce vomiting

Precautionary Statements – Storage

Store locked up
Store in a well-ventilated place. Keep container tightly closed

Precautionary Statements –Disposal

Dispose of contents/container to an approved waste disposal plant

3. Composition/information on ingredients

<u>Name</u>	<u>CAS number</u>	<u>%</u>
Ethoxylated Nonylphenols	9016-45-9	23
Sodium Tripolyphosphate	7758-29-4	40
Sodium Metasilicate	6834-92-1	40
Enzyme	Proprietary	1.0%

4. First aid measures

Eye contact:	Remove contact lenses. Flush eyes with water for 15 minutes. Get medical attention if needed
Skin contact:	Wash area with plenty of water. Remove contaminated clothing & footwear. Get medical attention.
Inhalation:	Remove person to fresh air. Give oxygen or CPR if not breathing. Get medical attention.
Ingestion:	Do not induce vomiting. Give large quantities of water or milk. Consult a physician immediately.
Protection of first-aiders; Note to physician	Treat symptomatically

5. Fire-fighting measures

Flash point:	N/A
Flammability of the product:	None, Material is Non Flammable
<u>Extinguishing media:</u>	Not applicable
Special exposure hazards:	None, Material is Non Flammable
Special protective equipment for fire-fighters:	As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NOISH (approved or equivalent and full protective gear

6. Accidental release measures

Personal precautions:	Use personal protective equipment as required. Caution Product may be slippery
Environmental precautions:	Prevent from entering into soil, ditches, sewers, waterways and/or groundwater. See Section 12, Ecological Information. See Section 13, Disposal Considerations, for additional information.
<u>Methods for cleaning up</u>	Prevent further leakage or spillage if safe to do so.

Small spill: Dike and contain liquid. Mop up soil and rinse area. Floor may be slippery when wet.

Large spill: Dike and contain liquid/spill and cap leaking container as necessary to prevent further spreading of spilled material. Wear rubber boots, gloves and appropriate protective clothing. Shut off source of leak if safe to do so. Pick up and transfer to properly labeled container.

7. Handling and storage

Handling & Storage Store in a cool, dry, well ventilated area away from heat or flame. Do not destroy or deface the label on container

8. Exposure controls/personal protection

Consult local authorities for acceptable exposure limits.

Engineering Controls Apply technical measures to comply with the occupational exposure limits. Local exhaust ventilation recommended. Eye wash stations. Showers.

Individual-protection measures, such as personal protective equipment

Eye/Face Protection	No special equipment is usually needed when using small quantities. For bulk handling wear suitable protective glasses or goggles
Skin and Body Protection	The information at hand indicates that this product is not harmful and that normally no special skin protection is necessary. When handling bulk quantities, wear gloves chemical resistant gloves.
Respiratory Protection	Domestic quantities require no special requirements with normal careful use. When handling bulk quantities, avoid breathing mist or vapors. When ventilation is inadequate and mist or vapors are generated, respiratory protective equipment should be used suitable for protecting against airborne contaminants.
General Hygiene considerations	Use good personal hygiene practices

9. Physical and chemical properties

Physical state	Liquid
Flash Point	N/A
Color	Yellow
pH	11.5
Boiling/condensation point	Approx. 212 ⁰ F.
Specific Gravity	1.05
Solubility in water	Complete

10. Stability reactivity

Stability	Stable
Hazardous polymerization	Will not occur
Materials s to avoid	Amphoteric metals, Strong Acid. Excessive heat, Sunlight, Moisture
Hazardous decomposition products	None

11. Toxicological information

No Toxicology information is available

12. Ecological information

Not determined

13. Disposal considerations

Waste disposal:

The generation of waste should be avoided or minimized wherever possible. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe way. Dispose of surplus and non-recyclable products via a license waste contactor. Disposal of this product, solutions and any by products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

Refer to Section 7: HANDLING AND STORAGE and Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION for additional handling information and protection of employees.

14. Transport information

DOT Classification | Not Classified as Hazardous

15. Regulatory information

Proposition 65: Not Listed

16. Other information

HMIS	Health Hazards	Flammability	Reactivity	Personal Protection
	1	0	0	B

Indicates information that has changed from previously issued version.
