1. Product and company identification

Product Name: Pan Brite
UN/ID No.: DOT (U.S.): Not regulated

Recommended use of the chemical and restrictions on use
Recommended Use: Use for hands “POTSINK” cleaning of dishes and utensils

Supplier: Butler Chemicals, Inc.
3070 E. Ceena CT.
Anaheim, CA. 92806

Print date: June 07, 2015

Responsible name: K.B.

In case of emergency:
HEALTH EMERGENCIES — SPILL EMERGENCIES
CALL INFOTRAC 1(800) 535-5053

Product type: Mixture

2. Hazards identification

Appearance: Blue Powder | Physical State: Powder | Odor: Lemon Fragrance

Classification:

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

Signal Word: Warning

Hazard Statement
Potential Acute Health Effects: Hazardous in case of eye contact (irritant). Slightly hazardous in case of skin contact (irritant), of ingestion, of inhalation.

Precautionary Statements – Preventions
Do not get in Eyes, on Skin or on Clothing. Wash face, hands and any exposed skin thoroughly after handling
Do not eat, drink or smoke when using this product
Use only with adequate ventilation, use only outdoors or in a well-ventilated area
Do not breathe dust/fume/gas/mist/vapors/spray
Wear protective gloves/protective clothing/eye protection/face protection
Keep container closed.

Precautionary Statements – Response
Immediately call A POISON CENTER or doctor/physician
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so.
Continue rinsing immediately call a POISON CONTROL or doctor/physician
IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower
Wash contaminated clothing before reuse
IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing
Immediately call a POISON CENTER or doctor/physician
IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician. Rinse mouth, Do not induce vomiting!

Precautionary Statements – Storage
Store locked up
Store in a well-ventilated place. Keep container tightly closed

Precautionary Statements – Disposal
Disposed of contents/container to an approved waste disposal plant

3. Composition/information on ingredients

</tbody>
</table>

4. First aid measures

Eye contact: Get medical aid immediately. Do NOT allow victim to rub or keep eyes closed. Check for and remove any contact lenses if easy to do so. Immediately flush eyes with running water for at least 30 minutes, keeping eyelids apart. Use cool running water.

Skin contact: Immediately flush skin with plenty of soap and water for at least 15 minutes while removing contaminated clothing and shoes. Discard contaminated clothing in a manner which limits further exposure. Destroy contaminated shoes. Get medical attention if irritation develops. Cold water may be used.

Inhalation: Get medical aid immediately. Remove from exposure to fresh air immediately. If breathing is difficult, give oxygen. Do NOT use mouth-to-mouth resuscitation. If breathing has ceased apply artificial respiration using oxygen and suitable mechanical device such as a bag and a mask

Ingestion: Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Get medical aid immediately.

Protection of first-aiders:
Note to physician

Persons with pre-existing skin disorders or impaired respiratory or pulmonary function may be at increased risk to the effects of this substance. Treat symptomatically and supportively.

5. Fire-fighting measures

Flash point: Not applicable
Flammability of the product: Non-flammable
Extinguishing media: Use extinguishing measures that are appropriate to local circumstances and the surrounding environment
Suitable: Fumes of sodium oxide
Hazardous combustion products: None known
Decomposition products: Special protective equipment for fire-fighters: Wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6. Accidental release measures

Personal precautions: Use personal protective equipment as required
Environmental precautions: Prevent from entering into soil, ditches, sewers, waterways and/or groundwater. See Section 12, Ecological Information. See Section 13, Disposal considerations, for additional information
Methods of containment: Prevent further leakage or spillage if safe to do so
Large spill: Sweep up and shovel into suitable containers for disposal
7. Handling and storage

Handling: Handle in accordance with good industrial hygiene and safety practice. Use personal protection recommended in Section 8. Avoid contact with skin, eyes or clothing. Wash face, hands, and any exposed skin thoroughly after handling. Do not eat, drink or smoke when using this product. Use only outdoors or in a well-ventilated area. Do not breathe dust/fume/gas/mist/vapors/spray.

Storage: Keep container tightly closed and store in a cool, dry and well-ventilated place. Store locked up.

8. Exposure controls/personal protection

Consult local authorities for acceptable exposure limits.

Engineering Controls: Apply technical measures to comply with the occupational exposure limits. Local exhaust ventilation recommended. Eye wash stations. Showers.

Individual-protection measures, such as personal protective equipment

11. Toxicological information

Routes of Entry: Inhalation. Ingestion.
Chronic Effects on Humans: Not Available
Other Toxic Effects on Humans: Slightly hazardous in case of skin contact (Irritant), of ingestion, of inhalation.
Special Remarks on Toxicity to animals: Not available
Special Remarks on other Toxic Effects on Humans: Acute Potential health Effects:
Skin: May cause irritation, although it is not known to be an irritant.
Eyes: May cause eye irritation.
Ingestion: Systemic toxicity is unlikely unless massive amounts have been ingested. Low hazard for usual industrial handling.
Inhalation: May cause respiratory tract irritation. Low hazard of usual industrial handling.

12. Ecological information

Environmental effects: Not available
Special remarks on the product of biodegradation: Not available.

13. Disposal considerations

Waste disposal: The generation of waste should be avoided or minimized wherever possible. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe way. Dispose of surplus and non-recyclable products via a license waste contactor. Disposal of this product, solutions and any by products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Avoid dispersal of spilled material and runoff and contract with soil, waterways, drains and sewers.

Refer to Section 7: HANDLING AND STORAGE and Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION for additional handling information and protection of employees.

14. Transport information

DOT Classification: Not a DOT controlled material (United States).

15. Regulatory information

United States:
The ingredients of this product are on the TSCA inventory. And not Classified as hazardous under OSHA (29CFR 1910.1200)
