

## SAFETY DATA SHEET

### 1. Product and company identification

Product Name SUDS PAC  
UN/ID No. DOT (U.S.): Not regulated

#### Recommended use of the chemical and restrictions on use

Recommended Use Solid Warewashing Detergent

**Supplier:** Butler Chemicals, Inc.  
3070 E. Ceena CT.  
Anaheim, CA. 92806

**Print date:** December 28, 2018

**Responsible name:** K.B.  
**In case of emergency:** HEALTH EMERGENCIES — SPILL EMERGENCIES  
CALL INFOTRAC 1(800) 535-5053

**Product type:** Mixture

### 2. Hazards identification

|                         |                              |                              |
|-------------------------|------------------------------|------------------------------|
| <b>Appearance:</b> Blue | <b>Physical State:</b> Solid | <b>Odor:</b> Lemon Fragrance |
|-------------------------|------------------------------|------------------------------|

**GHS Label Element:** This mixture does not meet the GHS criteria for classification

**Signal Word:** N/A

#### Hazard Statement

Harmful if swallowed  
In case of eye contact (irritant). Inflammation of the eye is characterized by redness, watering, and itching.  
Skin contact (irritant)  
May be harmful if inhaled.  
Harmful to the tissue of the mucous membranes and upper respiratory tract.

#### Precautionary Statements – Preventions

Do not get in Eyes, on Skin or on Clothing. Wash face, hands and any exposed skin thoroughly after handling  
Do not eat, drink or smoke when using this product  
Use only with adequate ventilation, use only outdoors or in a well-ventilated area  
Do not breathe dust/fume/gas/mist/vapors/spray  
Wear protective gloves/protective clothing/eye protection/face protection  
Keep container closed.  
Keep out of reach of children

#### Precautionary Statements – Response

Immediately call A POISON CENTER or doctor/physician  
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so.  
Continue rinsing immediately call a POISON CONTROL or doctor/physician  
IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower  
Wash contaminated clothing before reuse  
IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing  
Immediately call a POISON CENTER or doctor/physician  
IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician, Rinse mouth, **Do not induce vomiting!**

### **Precautionary Statements – Storage**

Store locked up  
Store in a well-ventilated place. Keep container tightly closed

### **Precautionary Statements –Disposal**

Dispose of contents and container in accordance with Federal, State and Local Laws.

### **Other Information**

Harmful to aquatic life with long lasting effects.

## **3. Composition/information on ingredients**

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section

## **4. First aid measures**

|  |  |
|--|--|
| <b>Eye contact:</b>                                      | Get medical aid immediately. Do NOT allow victim to rub or keep eyes closed. Check for and remove any contact lenses if easy to do so. Immediately flush eyes with running water for at least 30 minutes, keeping eyelids apart. Use cool running water. Do not use an eye ointment.   |
| <b>Skin contact:</b>                                     | Get medical aid immediately. Immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Discard contaminated clothing in a manner which limits further exposure. Destroy contaminated shoes.                                  |
| <b>Inhalation:</b>                                       | Get medical aid immediately. Remove from exposure to fresh air immediately. If breathing is difficult, give oxygen. Do NOT use mouth-to-mouth resuscitation. If breathing has ceased apply artificial respiration using oxygen and suitable mechanical device such as a bag and a mask |
| <b>Ingestion:</b>  | Do NOT induce vomiting. If victim is conscious and alert, give 2-4 capfuls of milk or water. Never give anything by mouth to an unconscious person. Get medical aid immediately.   |
| <b>Protection of first-aiders;<br/>Note to physician</b> | Persons with pre-existing skin disorders or impaired respiratory or pulmonary function may be at increased risk to the effects of this substance. Treat symptomatically and supportively. Symptoms may be delayed. Dust may irritate the eyes and respiratory system                   |

## **5. Fire-fighting measures**

|  |  |
|--|--|
| <b>Flash point:</b>                                    | N/A  |
| <b>Flammability of the product:</b>                    | None   |
| <b><u>Extinguishing media:</u></b>                     |  |
| <b>Suitable:</b>                                       | Water spray. Water fog. Foam. Dry chemical powder. Carbon dioxide (CO <sub>2</sub> ). Apply extinguishing media carefully to avoid creating airborne dust.                                   |
| <b>Non suitable:</b>                                   | None known   |
| <b>Special exposure hazards:</b>                       | Promptly isolate the scene by removing all persons from the vicinity of the incident, if there is a fire. No action shall be taken involving any personal risk or without suitable training. |
| <b>Special protective equipment for fire-fighters:</b> | Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.                          |

## **6. Accidental release measures**

|                                   |  |
|-----------------------------------|--|
| <b>Personal precautions:</b>      | Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Provide adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Put on appropriate personal protective equipment. |
| <b>Environmental precautions:</b> | Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused  |

environmental pollution (sewers, waterways, soil or air).

### **Methods for cleaning up**

#### **Small spill:**

Move container from spill area. Vacuum or sweep up material and place in a designated, labeled waste container. Dispose of via a licensed waste disposal contractor.

#### **Large spill:**

Move containers from spill area. Approach release from upwind. Prevent entry into sewers, water courses, basement or confined areas. Vacuum or sweep up material and place in a designated, labeled waste container. Dispose of via a licensed waste disposal contractor.

## **7. Handling and storage**

### **Handling:**

Do not handle, store or open near an open flame, sources of heat or sources of ignition. Protect material from direct sunlight. Ground/bond container and receiving equipment. Minimize dust generation and accumulation. Provide appropriate exhaust ventilation at places where dust is formed. Do not get this material in contact with eyes. Do not get this material in contact with skin. Avoid breathing dust. Do not get this material on clothing. Wear positive pressure self-contained breathing apparatus (SCBA). Wear personal protective equipment. Wash thoroughly after handling. Avoid release to the environment.

### **Storage**

Store in a closed container away from incompatible materials. Store in a well-ventilated place. Keep container dry. Store away from incompatible material/. Provide adequate precaution notices where product is used and stored.

## **8. Exposure controls/personal protection**

Consult local authorities for acceptable exposure limits.

### **Engineering Controls**

**Apply technical measures to comply with the occupational exposure limits. Local exhaust ventilation recommended. Eye wash stations. Showers.**

### **Individual-protection measures, such as personal protective equipment**

Use personal protective equipment if required.

|                                       |  |
|---------------------------------------|--|
| <b>Eye/Face Protection</b>            | Wear eye/face protection. Wear safety glasses with side shields (or goggles) and a face shield. Use tight fitting goggles if dust is generated.  |
| <b>Skin and Body Protection</b>       | Wear appropriate chemical resistant clothing. Wear protective gloves   |
| <b>Respiratory Protection</b>         | Use a NIOSH/MSHA approved respirator if there is a risk of exposure to dust/fume.  |
| <b>General Hygiene considerations</b> | When using, do not eat, drink or smoke. Always observe good personal hygiene measures, such as washing after handling the material before eating, drinking, and/or smoking. Routinely wash work clothes and protective equipment to remove contaminants. |

## **9. Physical and chemical properties**

|                                   |             |
|-----------------------------------|-------------|
| <b>Physical state</b>             | Solid       |
| <b>Flash Point</b>                | N/A         |
| <b>Color</b>                      | Blue        |
| <b>pH</b>                         | Approx. 9.5 |
| <b>Boiling/condensation point</b> | N/A         |
| <b>Vapor Density (Air=1)</b>      | N/A         |
| <b>Solubility</b>                 | Complete    |

## **10. Stability reactivity**

|                            |   |
|----------------------------|---|
| <b>Stability</b>           | Stable under recommended storage conditions   |
| <b>Reactivity</b>          | No reactive under normal conditions   |
| <b>Conditions to avoid</b> | Keep away from heat, sparks and open flame. Avoid temperatures exceeding the flash point, contact with incompatible materials. Avoid dispersal of dust in the air (i.e. clearing dust surfaces with compressed air). Minimize dust generation and |

|   |  |
|---|--|
|   | accumulation.  |
| <b>Incompatible Materials</b>           | Strong oxidizing agents  |
| <b>Hazardous decomposition products</b> | Upon decomposition, this product may yield sulfur dioxide and oxides of sulfur |

## 11. Toxicological information

|  |  |
|--|--|
| Sensitization:                           | Not classified   |
| Acute Effects:                           | Harmful if swallowed. May be harmful in contact with skin                                |
| Local Effects:                           | Harmful if swallowed. Inhalation of dusts may cause respiratory irritation.              |
| Carcinogenicity:                         | This product is not considered to be a carcinogen by IARC, ACGIH, NYP, or OSHA           |
| Skin corrosion/<br>Irritation:           | Causes skin irritation   |
| Mutagenicity:<br>mutagenic or genotoxic. | No data available to indicate product or any components present at greater than 0.1% are |
| Reproductive Effects:                    | This product is not expected to cause reproductive or developmental effects.             |

### Acute toxicity

| Product/ingredients    | Result      | Species | Dose        | Exposure |
|------------------------|-------------|---------|-------------|----------|
| Trietxamide Com Flakes | LD50 Dermal | Rabbit  | >2000 mg/kg | -        |
|                        | LD50 Oral   | Rat     | >5000 mg/kg | -        |

## 12. Ecological information

### Sodium dodecyl benzene sulfonate

|   |                                      |
|---|--------------------------------------|
| <b>Ecotoxicity:</b>                       | No data available                    |
| <b>Persistence/<br/>Degradability:</b>    | Expected to be readily biodegradable |
| <b>Bioaccumulation/<br/>Accumulation:</b> | No data available                    |

### Tritexamide Com Flakes

|                               |   |
|-------------------------------|---|
| <b>Ecotoxicity:</b>           | No data available                                 |
| <b>Other adverse effects:</b> | No known significant effects or critical hazards. |
| <b>Environmental Effects:</b> | No known significant effects or critical hazards. |

## 13. Disposal considerations

**Waste disposal:** The generation of waste should be avoided or minimized wherever possible. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe way. Dispose of surplus and non-recyclable products via a license waste contactor. Disposal of this product, solutions and any by products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

**Refer to Section 7: HANDLING AND STORAGE and Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION** for additional handling information and protection of employees.

## 14. Transport information

**DOT (U.S.):** Not regulated

## 15. Regulatory information

**US State Regulations**

California Prop. 65 Warning: This product does not contain any proposition chemicals
